# 70TH INFANTRY DIVISION CASUALTY LIST

The casualty list is as accurate as currently possible. Dates of death were obtained from the National Archives, our website documents, books, memoirs, Department of Veterans Affairs, and for those buried overseas, the American Battlefield and Monuments Commission (ABMC). There are a few men for whom dates of death in Trailblazer documents and ABMC records differ.

**KIA:** Killed in Action

**DOW:** Died of Wounds (after reaching the medical care)

**DNB:** Death Non-Battle

**DOI:** Died of Injuries

**MIA:** Missing in Action; remains never recovered

Asterisks have been added to the manner of death for prisoners of war who died in captivity.
